

RALLYE MOTORS TEE OFF FOR KIDS

BGC Moncton has a significant, positive impact on youth. The club gave me hope and courage to pursue my aspirations.

I was a Syrian refugee who came to Canada in 2016. Like the rest of my family, I didn't speak English. We all lacked experience because we originated from a war-torn nation. I have 5 sisters and 1 brother.

I became a member of BGC Moncton in 2017. The club helped me in learning English and

also introduced me to people from all over the world. I initially came to the drop-in program and everyone was friendly, which gave me the chance to socialize and make more friends. Later, I joined the "Raise the Grade" program, which helped me to close my academic gaps. I also joined the "Interact Club", where we learned how to make resumes and improve our social skills by being involved in fundraising events for the Club. I was secretary of the program, my job was to take notes at meetings.

When the "Interact Club" was over, I started volunteering in the camp, helping staff with translation and preparing activities for kids. When I began high school, I had the chance to join the "Skilled for Success" program. I was a part-time staff member. It was my first job in Canada, and I really liked it because I wasn't just taking care of the kids; I also got lots of experience in kids' behaviour and psychology.

When the program was done, I got an offer to work for BGC Moncton. I accepted the offer with a great pleasure and started working at the club during the summer. The faith in me and the fact that I felt at ease there, made me feel very happy working at BGC. I tutored children, some of them were Ukrainian kids

who just arrived from Ukraine because of the war, and some of them spoke a little English or zero English. I really enjoyed working with the kids because they shared with me some great stories they had experienced in Ukraine.

Last but not least, in November 2022, I received a part-time job offer from BGC to be the leader of the virtual program "Discovery Lab". It was my first time doing something similar with children and I really enjoyed it!

I also want to express my gratitude to BGC Moncton for assisting me with my scholarship applications. I am really happy that my application was chosen for the Ted Rogers scholarship. Without BGC Moncton's assistance, I wouldn't have been aware of it. BGC Moncton has a significant positive impact on youth; the club gave me hope and courage to pursue my aspirations.

I am glad that BGC Moncton welcomed me and my family when we just arrived and now I am very happy to give back to the club and community.

Hala
BGC Moncton Youth

YOUR SUPPORT TRULY MAKES A DIFFERENCE

“ As we celebrate our 40th Rallye Motors Tee off for Kids golf tournament, I am reminded of the outstanding commitment and support our community has contributed to the well being of thousands of children and youth. From breaking barriers on social inclusion and systemic poverty, helping kids with their educational needs and preventing school drop-out, helping them settle in their new communities or connecting them with life changing opportunities, our purpose and passion is rejuvenated everyday as we help our kids with their life challenges and pave the way of hope, optimism and the pursuit of happiness for all of them. ”

Moncef Lakouas

Executive Director, BGC Moncton

“ Our entire Team at the Rallye Group is looking forward to another year of the Tee Off for Kids Golf Tournament in support of children and youth. We are very pleased to partner with BGC Moncton in such a meaningful event to help children and youth in our community to write their own happy life stories. We are thankful for such great support and collaboration from our partners in this initiative in past years. We are looking forward to your support again in this year's golf tournament. ”

The drive home after our tournament is always a time of reflection where our entire Family has a great sense of pride about our Team and the Club's combined efforts, it's a superb feeling knowing we are helping out local children. ”
